**INDEPENDENT AUDITOR'S REPORT ON REVIEW OF INTERIM CONDENSED FINANCIAL STATEMENTS**

To  
The Board of Directors  
Qatar Cinema and Film Distribution Co. (Q.P.S.C)  
Doha – State of Qatar

**Introduction**

We have reviewed the accompanying interim condensed statement of financial position of Qatar Cinema and Film Distribution Co. (Q.P.S.C), Doha – State of Qatar, as at June 30, 2021 and the related interim condensed statements of profit or loss, profit or loss and other comprehensive income, changes in equity and cash flows for the six-month period then ended. Management is responsible for the preparation and presentation of these interim condensed financial statements in accordance with International Accounting Standard-34, *Interim Financial Reporting*. Our responsibility is to express a conclusion on these interim condensed financial statements based on our review.

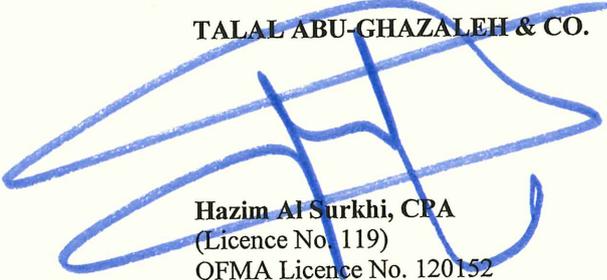

**Scope of Review**

We conducted our review in accordance with International Standard on Review Engagements 2410, *Review of Interim Financial Information Performed by the Independent Auditor of the Entity*. A review of interim condensed financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

**Conclusion**

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed financial statements are not prepared, in all material respects, in accordance with International Accounting Standard-34, *Interim Financial Reporting*.

**14) FAIR VALUE**

**Fair Value Measurement**

The Company measures certain financial instruments and certain non-financial assets, if applicable, at fair value at each reporting date.

Fair value related disclosures for financial instruments and non-financial assets that are measured at fair value are disclosed in this interim condensed financial statements, if any.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible to by the company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in this interim condensed financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1:- Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2:- Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3:- Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets that are recognized in the interim condensed financial statements on a recurring basis, the Company determines whether transfers have occurred between Levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

#### Accounting Classification And Fair Values

Based on the above fair value measurements, it has been assessed that the fair values of the financial instruments presented in this interim condensed financial statements as of reporting date are not materially different from their carrying values.

#### Fair Value Hierarchy

The company uses the following hierarchy for determining and disclosing the fair value of the company's assets by valuation technique:

- Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities;
- Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly; and
- Level 3: techniques which use inputs which have a significant effect on the recorded fair value that are not based on observable market data

The following table shows an analysis of assets recorded at fair value by level of the fair value hierarchy:

As at June 30, 2021 (Reviewed)	Level 1	Level 2	Level 3	Total

## 16) IMPACT OF COVID-19

Due to coronavirus (COVID-19), numerous sectors of the global economy are effected and the long term economic and business consequence remain un-known which lead to uncertainties in the global economic environment. However, the severity of the pandemic was controlled as a result of effective and rigorous approach adopted by the Government of Qatar, hence, impact to the Qatari Economy was limited.

The sudden outbreak of COVID-19 had a definite impact on the cinema theaters where it has upended global film industry, halting film production and closing cinemas.

The company's core business function is operating cinema theaters in different locations in the State of Qatar and due to the COVID-19, the Qatar Government's initiations, rules and measures implemented to limit the spread of COVID-19 resulted to close Cinema Theaters during certain months in the year of 2020 and 2021. This situation impacted the company's operating results where its revenue from cinema activities decreased, indeed no revenue has been generated for certain months. However, declined trend of the outbreak in the Country, it has been allowed to operate the Cinema Theaters with certain restrictions. As a result, the company were able to resume the operations of the theaters.

Further, the company has initiated certain strategic risk mitigation plans, which resulted to dilute and diversify the COVID -19 impacts where

- the fixed overheads are controlled and reduced on systematic method and
- the company's business functions have been already diversified into renting of investment properties and investment in equity instruments,

The board of directors has performed an reasonable assessment of COVID-19 based on the available guidance, historical experience, industry benchmark and other factors that are considered to be relevant on the company's all aspects.
